To whom it may concern,

Re: 50th Anniversary

On behalf of North Cowichan, it is my honour to congratulate the Fung Loy Kok Institute of Taoism Tai Chi Arts on its' 50th Anniversary in Canada. This Institute has offered people from all walks of life the opportunity to learn and practice Taoism while enjoying the many mental and physical benefits of Tai Chi.

The teaching of cultivating ones' self while helping others is something that resonates with me, and I know our local chapter has had a strong influence on our community. I commend the Fung Loy Kok Institute for bringing people together and sharing their monastic teachings with all and for the wonderful impact they have had on our community.

Congratulations, again, on 50 years in Canada!

Sincerely

Al Siebring
Mayor
